

ISIS Papyrus is a profitable, privately owned group of companies founded in Austria. The software enables business applications for digital transformation and communication. We have more than 350 employees worldwide. ISIS Papyrus now has 16 branches on three continents with headquarters in Austria, America and Singapore.

Due to exciting new customer projects, Papyrus Software is looking to recruit talented and ambitious talents to join our professional services team.

Software Engineer

Your tasks:

In a supportive and welcoming environment, the main activities are about design, creation and maintenance of software. All the aspects of the software life cycle are covered ranging from architecture to requirements, testing, refactoring and more.

Your profile:

- Good knowledge of one imperative language, like Java or C++
- Curiosity and willingness to learn
- Good English language, spoken and written
- Some knowledge about object-oriented design

Why ISIS Papyrus?

- Dynamic, open-minded and international working environment
- Innovative, leading software solution
- Personal development within the company
- Long-term employment in a profitable group

Annemarie Pucher, CEO
