

ISIS Papyrus is a profitable, privately owned group of companies founded in Austria. The software enables business applications for digital transformation and communication. We have more than 350 employees worldwide. ISIS Papyrus now has 16 branches on three continents with headquarters in Austria, America and Singapore.

Due to exciting new customer projects, Papyrus Software is looking to recruit talented and ambitious talents to join our professional services team.

Mobile Application Analyst

We are searching for engineers for the development of our Papyrus Mobile solution based on Papyrus EYE. The role will require the provision of support to our Development/Application/Quality Assurance team and setups for the various team operations.

Your tasks:

- Interaction with the various ISIS Papyrus Teams in the Development/QA Phase of the Papyrus Application
- Application setup with Papyrus EYE
- Responsibility for Development Quality control (Test driven development)

Your profile:

- Education in the field of computer science
- Object oriented knowledge
- Strong logical and analytical thinking
- Team player
- Basic English Knowledge - written and spoken

Why ISIS Papyrus?

- Dynamic, open, multinational work environment
- Responsibilities matching your individual strengths and interests
- Personal progression within the company
- Long term employment in a profitable company
